

“Moving Ahead with a New Beginning”

eNews 2017.1

2016 November 17 – Dr. John Lee, Mr. Samuel Lam and Mr. Xu Ming Yuen were delighted to have an opportunity to visit the "Port Control Center" at the Ningbo Port Head-Quarters. They were showed and explained about the equipment and functionalities in the Control Centre. Asia Vision Visitors were particularly impressed by the huge display boards in the center.

A Ceremony for the new Hong Kong office

2017 January 6, a simple and meaningful Ceremony was held at the new Asia Vision Technology Hong Kong office, to inaugurate the opening of the new office and celebrate the embarking of the new year of 2017. Company Chairman – Dr. John Lee with Mrs. Lee, General Manger – Ms Kira Miao, CTO – Mr. Ken Wong and the staffs of Hong Kong and from China to participate this meaningful event. The company also had the honor to have one of our shareholders – Mr. Joe Lau to participate this event.

After the ceremony and speeches, it followed with a light cocktail party. The officers, directors and staff all get together to enjoy the food, drinks , chat, sharing expectations, opinions and wish of the New Year. It was a good occasion for everyone to get to know each other better and also to help improve the cohesion of the team.

We wish the Asian Vision family will work together to strive for successes in this new era of the company.

2016 November 18 & 19 – Asia Vision Technology (AVT) was invited by the China Ports & Harbors Association to participate the "2016 China Port & Navigation Development Forum" held at Zhou Shan of Ningbo. Asia Vision had set up a booth to display the marine port related products and applications, Chairman Dr. John Lee with his senior executives had also participated the event. Estimated over couple of hundred guests had participated the event and many of them had stop at the AVT booth and enquired about our product.
